SUMMARY

Proficient in building responsive and dynamic web applications using HTML, CSS, JavaScript, and React JS. Skilled in creating reusable components, managing state efficiently with Redux, and implementing interactive UI designs. Experienced in integrating APIs, handling user input validations, and optimizing user experience through clean and structured code.

EDUCATION

- **B.E. in Electronics and Communication Engineering**
Sethu Institute Of Technology, Virudhunagar
2016 – 2020
CGPA: 8.63

SKILLS

- ✓ React.js
- ✓ HTML
- ✓ CSS
- ✓ JavaScript
- ✓ Git

PROJECTS

Project 1: Portfolio Website

Tools Used: HTML, CSS, JavaScript, ReactJS

- Designed and developed a personal portfolio website to showcase skills and projects.
- Implemented responsive design to ensure compatibility across mobile and desktop devices.
- Integrated smooth navigation using React Router for seamless user experience.
- Deployed the site using GitHub Pages for easy access and viewing.

Project 2: E-commerce Product Page

Tools Used: HTML, CSS, JavaScript

- Built a fully responsive e-commerce product listing page for showcasing products.
- Integrated a product filter feature using JavaScript, allowing users to sort products based on category.
- Optimized the page for faster load times and better performance across all devices.
